

# Apple Sensory Bag

## Target Age: Pre-school & Kindergarten

1. Draw apples of different colors on the large Ziploc bag
2. Put water or clear hand sanitizer in large Ziploc bag
3. Place beads of matching apple colors inside the bag.
4. Secure Ziploc by duct taping along the top

Sensory bags are easy to create and provide a unique hands-on experience. Sensory bags also are a great way to work on fine motor skills along with learning a skill.
